Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *The Medical Genius: A Guide to the Cure* Aside from other designs, a prominent purpose of this book is to exhibit the pure genius of our best drugs; as attested by the undoubted cures effected by them, in doses both minute and massive. Thus to constitute the work a mirror, in which the advocate of each mode of medication, may see how the other cures. There is a middle belt between the extremists of the two dominant schools of medicine, comprising a noble class of the medical fraternity, who, without let or fear of any faction, aim straight for the cure; with these is sacredly preserved, in its entire vitality, the very pith of all the pathies - the sole purpose of healing the sick. It is with these that the author has hoped that his book might find favor; mainly for these it was written. *How To Use The Book.* The general indications, given for the employment of remedies, are meant for the use of minute doses exclusively. In searching for a remedy, notice that the Repertorial Index points out in bold type the first choice remedies, and that the Supplementary Index points out the most simple remedies. Em. in the Index stands for ElectroMagnetism, or use of the battery, etc., sec.149. See remarks prefatory to the two Indexes. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
