Reviews

Completely essential read ebook. It is among the most awesome book i actually have read. I am very happy to explain how this is basically the greatest book i actually have read in my individual existence and might be he best pdf for possibly.

(Prof. Alexandro Runolfsson)

A WORLD GROWING OLD

Pluto Press. Paperback. Book Condition: new. BRAND NEW, A World Growing Old, Jeremy Seabrook, 'The inspirational Jeremy Seabrook beats any celebrity radical in the art of speaking hard truths through fine prose.' Boyd Tonkin, The Independent 'Jeremy Seabrook [has] a preacher's talent for prophesy and a capacity for righteous indignation reminiscent of George Orwell.' The Guardian For the first time in mankind's history, the world's population is ageing. Decade by decade, people are living longer than they ever have before. For rich countries in the west, the problems are obvious -- economies rely on youthful populations to provide for those who have retired. As the population ages, we face a profound economic and social crisis -- how do we care for the elderly when pensions and social security systems are under threat, housing is short and fewer young people are entering the workplace? There are anxieties at the highest level in the U.S., that an ageing population may make the country forfeit its image of youthful dynamism, as new creative generations come of age in the South. Yet this is only half the story. Populations in the poorer countries of the South are also ageing. Life-expectancy has increased due the availability of life-saving medicine. Child mortality has decreased, so people are having smaller families. India will soon have one of the largest populations of over-sixties. The one-child policy in China will similarly lead to a severe imbalance in the age-profile of the people. In A World Grown Old, distinguished author and journalist Jeremy Seabrook examines the real implications of the ageing phenomenon and challenges our preconceptions about how it should be tackled. Arguing that the accumulated skills and experience of the elderly should be employed to enrich society, rather than being perceived as a 'burden', he makes a passionate case...
