Brand New Book ***** Print on Demand *****.This story begins with Dr. Weihaupt s explorations in the deep unexplored interior of Antarctica and the questions they inspired. We know so little about our human past. When we get them, the answers are astonishing. The Ice Ages call into question far more recent history, the world of splendid ships, hearty mariners, intrepid explorers, breathtaking courage, and imaginative cartographers. What we witness in this book is the examinations of glaciers and ice sheets that lead to fascinating mysteries of human Medieval and Renaissance times. Nor are all of the mysteries solved; we are left still wondering, still blessed with the gift of the unknown. There are deep mysteries wafting in the breezes of both polar ice and mind. Readers will revisit the rich history of early explorations and follow in the footsteps of the adventurers of our historic past. Seldom do science...
