Date :2009-10-01 version 1. Contents: Section 1 theory and methods and systems management vision. strategy and harmonious relationship between the research is based on the theme of harmony and theory of organization management operating mode the design of scientific research management study group to explore the characteristics of self-built. Research and experimental study of the dynamic vision of decision-making process alternatives effects of sequence features built computer simulation based on theoretical framework. procedures and test methods for the dynamic study of limited stage of bargaining Game analysis of the virtual enterprise based on customizable view of the dynamic workflow management of our resources in satellite imaging product diffusion model studying a solution flexible job-shop scheduling problem of hybrid genetic algorithm exchange rate fluctuations affect the demand for inbound tourism in Shanghai-based middleman involved in family research corruption under the decision-making model of the elevator algorithm and its competitive strategy busy networks evolution border electronic transactions in commodity market liquidity of the energy industry in China a comparative analysis of dynamic efficiency...

Reviews

Great eBook and useful one. it was actually writtern really completely and useful. You are going to like the way the article writer publish this publication.

-- Prof. Ernestine Emard

Excellent electronic book and helpful one. Better then never, though i am quite late in start reading this one. You wont truly feel monotony at whenever you want of your time (that's what catalogues are for relating to when you question me).
