BRILLIANCE AUDIO, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. This audiobook uncovers the biggest scientific fraud of our age. It tells the fascinating and frequently astounding story of how the massive enterprise to restructure the genetic core of the worlds food supply came into being, how it advanced by consistently violating the protocols of science, and how for more than three decades, hundreds of eminent biologists and esteemed institutions have systematically contorted the truth in order to conceal the unique risks of its productsand get them onto our dinner plates. Altered Genes, Twisted Truth provides a graphic account of how this elaborate fraud was crafted and how it not only deceived the general public, but Bill Clinton, Bill Gates, Barack Obama and a host of other astute and influential individuals as well. The audiobook also exposes how the U.S. Food and Drug Administration (FDA) was induced to become a key accompliceand how it has broken the law and repeatedly lied in order to usher genetically engineered foods onto the market without the safety testing thats required by federal statute. As a result, for fifteen years Americas families have been regularly ingesting a group of novel products that the FDAs own scientific staff had previously determined to be unduly hazardous to human health. By the time this gripping story comes to a close, it will be clear that the degradation of science it documents has not only been unsavory but unprecedentedand that in no other instance have so many scientists so seriously subverted the standards they were trained to uphold, misled so many people, and imposed such magnitude of risk on both human health and the health of the environment.
