Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This star bible is suitable for those fans who hold dreams, support the stars they love. It is also very useful for those stars or being-stars. The first chapter is to help you understand who you are, fans can understand what their stars are, too. The second chapter is to discuss career, how to become famous, how to deal with problems when you become famous. During non-famous and famous period, what you should do. Last, how to become famous again. This chapter is very important. I think everyone should read it. Fans can also figure out how to help your star in this chapter. The third chapter is to discuss love. Fans can discover ways to be with the star you love, stars can also think about if it is possible to find true love in this special circle. The fourth chapter is to discuss what people you should trust or not trust. You should trust your parents? Believe and trust is huge different. The fifth chapter is to discuss fortune. All I said would be all truth, it might be cruel to discuss it, but it is very necessary. The sixth chapter is to discuss health. And in the last words, also offer advice for fans and stars: fans how to walk out of daydreaming and get back to real life; stars how to get out of the roles and confusions, and get back to normal life.
